Dear Harold -

I enjoyed our talk and lunch today. I need you to keep me straight. My problem is separating out fact from fiction or mistaken memory. I believe these men to be honest, so it's harder.

Enclosed are the papers you wanted. When I can, I'll get you a new, good Cannon copies like mine.

I've got the Woodland - James book "Plot or Politics." Any help you can give would be appreciated. Chapter & verse on Garrison will be printed.

I hope your tests are okay.

Best,

Harry
